

## **VACANCY: INDEPENDENT PROFESSIONAL / FREELANCER (m/f/d)**

### **About Maxbridge**

Maxbridge is a Munich-based advisory firm active in the areas of strategy, commercial due diligence, and value creation. Unlike most other consulting firms, Maxbridge relies on independent professionals rather than on own employees for the sake of being more agile as well as more cost-efficient. With its select network of currently ~20 high-caliber independent professionals, Maxbridge aims to deliver to its clients highest quality advisory services at very affordable rates.

### **Who we are looking for**

You are an independent professional? You want to diversify your client base? You want to increase your utilization? You are looking for challenging and exiting projects? Then you've come to the right place.

Maxbridge is looking for independent professionals with the following traits:

- Bachelor's or Master's degree in business, finance, or more "exotic" fields such as law, physics, medicine, chemistry, biology
- Proven consulting experience of at least two years, ideally from a top-tier consulting firm
- Excellent MS Excel and PowerPoint skills
- Hands-on mentality, strong goal orientation and a drive to get things done without much guidance
- Fluency in English (fluency in German is not a must but can be mandatory for some projects)

### **What we offer**

Once you become part of the pool of independent professionals, you will receive select invitations to work on Maxbridge projects. In those projects, we are offering the following:

- Collaboration with other high-caliber independent professionals
- Work from anywhere (although time zone synchronicity may be required for some projects)
- Ability to work on projects part-time
- Very competitive daily rates

### **Contact**

If the above sparked your interest, please send your CV to [hr@maxbridge.de](mailto:hr@maxbridge.de). We do not require a motivational letter.
